

## **APETT Launches New Website**

The Association of Professional Engineers of Trinidad and Tobago (APETT) has recently launched a new website. This website features a user-friendly interface that allows members to easily navigate through its pages and access a wealth of information, including the benefits of joining APETT and the latest news and events. The website provides listings of executive councils and partnership organisation. The site is also designed to be mobile-friendly, allowing members to access it from anywhere, at any time, using their smart devices.

The launch of the new APETT website is an exciting development for APETT and its members as a platform for engineers to connect and collaborate. APETT's website provides a range of resources and tools to become a member of APETT and enables professional development through presentations and publications.

Whether you are a seasoned veteran, just starting out in your career or in-between, the new APETT website is the place to be for anyone interested in engineering.
